DEPARTMENT OF DEFENSE INDEX OF SPECIFICATIONS AND STANDARDS

DODISS NOTICE

1 MAY 2001 / FOR PERIOD 15 APR 2001 TO 30 APR 2001 / VOL. 8/ NO. 01

ATTENTION

The DODISS NOTICE is published on the 1st and 15th of each month by the DODSSP. A Portable Document Format (PDF) version is posted within two business days of publication to our web site DODISS Notice page at:

http://dodssp.daps.mil/dodiss.htm

This Notice provides important information about all new, revised, amended, and cancelled standardization documents indexed by the Document Automation and Production Service, 700 Robbins Avenue, Bldg. 4/D, Philadelphia, PA 19111-5094 for the period indicated. DOD documents are available after the date of this Notice. Activity codes and symbols are defined in the general provisions of the DODISS, and also in the DOD Standardization Directory SD-1. Additional paper copies of this Notice are not available, however local reproduction is encouraged.

As of October 1, 2000, copies of non-government standards adopted by the Department of Defense (DoD) are no longer available from the DoD Single Stock Point. Adoption notices will continue to be used to signify DoD usage of a non-government standard, to identify a responsible DoD point of contact, and to give the standard visibility by including it in the ASSIST database and the DoD Index of Specifications and Standards. On 31 October 2000 we began updating all DOD adoption notices to comply with current DPSO Policy Memo 00-01, dated 15 May 2000, this effort will continue until all adoption notices meet current policy.
